

Project Demo Planning

Date	07/07/26
Team ID	XXXXXX
Project Name	EduGenie: Google Gemini-Powered Learning Assistant
Maximum Marks	1 Mark

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

Demo Sections & Responsibilities

S.No	Demo Section	Description	Duration	Responsible
1	Introduction & Problem Statement	Introduce team members, project goals, and existing gaps in personalized AI learning tools.	2 mins	Member 1
2	Architecture & Tech Stack	Explain the multi-agent orchestration, Google Gemini API integration, and front-end setup.	2 mins	Member 2
3	Core Feature: Smart Explainer	Demonstrate real-time conversational concept explanation with adaptive difficulty levels.	3 mins	Member 3
4	Core Feature: Quiz & Assessment	Showcase dynamic quiz generation, automated evaluation, and analytics dashboard.	3 mins	Member 4
5	Future Scope & Scalability	Outline monetization strategy, deployment infrastructure, and planned LMS integrations.	2 mins	Member 1
6			3 mins	All Members

S.No	Demo Section	Description	Duration	Responsible
	Conclusion & Q&A Preparations	Brief wrap-up of key project differentiators and open up for panel evaluation.		

Demo Flow Summary

Step	Activity	Notes
1	Introduction & Problem Statement	Hook the audience with real-world student retention data and explain EduGenie's vision.
2	Solution Overview	Present the system diagram highlighting how Google Gemini's multimodal features process texts/images.
3	Live Feature Demonstration	Perform a live query, generate a mock quiz, and display the direct learning path correction interface.
4	Q&A Session	Address potential judge queries regarding hallucination controls and token cost optimization.
